Message from the Managing director

Mr. Teh Leong Sim
Group Managing Director
Nets Group of Companies

It is good to see some new faces in the Green Supplier Circle and to know that everyone share the same concern for the industry. It is a difficult times and we have to change and work together to be able to sustain in the business.

We received another student group from Raffles College. They have specifically asked to learn graphic production process, hence we involved more production personnel to show them further details this time. There were questions which we have not thought of before.

Finally we have taken the first step to reach out to the public by starting our first Kerbau Emas and Meeco shop at KL Tower. One may find some new products range in the little shop and more will be developed in 2016.

In year 2016, the management wishes everyone an abundance and successful year ahead!

Green Supplier Circle

Events

We organized Green Supplier Circle for the 5th year on 26 November 2015 (Thursday) at NetsEco Meeting Room.

The objectives of this meeting are:

1. To create awareness about Green Purchasing,
2. To increase resource efficiency and reduce environmental impact
3. To build a responsibly supply chain for the eco industry

We have total 8 participants from 7 different companies, there are Paper Supplier, Finishing Supplier, and even potential supplier among them.

The Green Supplier Circle ended with a meaning discussion and we look forward for next year session.

MyHijau Mark Product Display

We were invited to participate in the exhibition organized by GreenTech Malaysia in conjunction with a workshop entitled "Bengkel Perolehan Hijau Kerajaan - Penyediaan Pelan Tindakan GGP 2016". This workshop were participated by key stakeholders such as EPU, MOF, KeTTHA, Jabatan Audit Negara, MITI and MOSTI as well as 10 Ministries that have been selected to implement Government Green Procurement in 2016.

The aim of this newsletter is to communicate the environmental friendly initiatives taking place at Nets Printwork to our stakeholders. We are committed to supporting and promoting sustainable products and services. At the same time, we would like to encourage all our stakeholders to become supporter or even advocates for sustainable development. This is only the first step in transforming our core business area, we are expecting more sustainable partners for future projects.
