NetsEco, towards greener pastures!

## what's in store...

### In His Own Words

Our Corporate Sustainability Director Speaks

This year we experienced many turnover of workforce internally and externally. Not only we have new faces of the person in charge from our supplier and client side, but we also face challenges in getting the right person through our recruitment exercises. We do welcome recommendations from our stakeholders.

This June, we have started a reception unit to provide guided tour programme to our visitors. Although our venue is not big, it can accommodate up to 20 visitors at one time. It is a good opportunity to introduce eco printing and to train more of our staff to be the tour guide for our visitors.

As the sayings goes "If you want to go fast, go alone; if you want to go far, go together", knowing the importance of team work for the growth of an organization, we have also started the first Team Building Programme for our staff. It is a good training and fun-filled experience for our staff. We all look forward to a higher performance team.

### MoU with Grencity International College

Nets Printwork Sdn Bhd (NPW) had signed an Memorandum of Understanding (MoU) with Grencity International College on 25 May 2012. The objective of this MoU is to establish pathway to allow our students to do their internship training at NPW.

## Visit from Sunway University

Some students have the chance to learn how to check the marker and match the colour with the given sample.

17 students and lecturers from Art & Design Department of Sunway University visited us on 29 June 2012. There are students from the printing technology class and publishing class. They were separated into two group to proceed with the guided tour. They learned about what is eco printing, ISO 14001 requirements and the career for a designer in a printing firm.

The students learning some details regarding Computer to Plate (CtP).

# events & exhibitions

On 20 July 2012 (Friday), we received guests from Crown Worldwide Shared Service . The group of five was led by Ms. Jeannie Chan, Design Bureau Manager. Besides getting to know eco printing, they were interested to learn how to prepare a good FA for printing.

The group was shown on how to ensure the artwork is ready for plate output.

The tour at Press Room.

## Crown World wide Shared Service Visit

A group photo at the reception area of NetsEco.

# events & exhibitions

We have organized the first Team Building Programme on 4-5 August 2012 at Eagle Ranch Resort, Port Dickson. 15 employees from Nets Printwork Sdn Bhd and Nets Impression Sdn Bhd participated actively in the 2 Days 1 Night programme.

All employees went through 2 management games, 5 obstacles, 5 laps of Go Kart and another full day training with invited trainers.

## Team Building Programme

The team is cracking their head, figuring out how to solve the problem to finish the game.

It is so exhausting having to perform the balancing act between the body and the ropes.

# events & exhibitions

## Team Building Programme

Our first obstacle: trying to cross the 6ft Double bar.

Second obstacle: Crossing the swinging bridge, it is not as easy as it seems.

Third obstacle: Crossing the staggered ladder

Fourth obstacle: Climbing over the 6th wall instead of the 8ft wall.

# events & exhibitions

It is a wonderful experience being lifted up by your buddies.

Another balancing test: Walking across the single beam

## Team Building Programme

One Solution, One Team: Our three heroes of the day supported by a great teamwork.

# Sponsoring Events

Nets Group is committed to sustainable development and will encourage those organizations who wish to go green by sponsoring their event.

We have sponsored the Nanyang Shang Pau's "National Kids Talent Search" event. The final was held on 1 July 2012 (Sunday) at Genting Arena of Stars.

We have also sponsored the "Owlsome" a design exhibition held on 29 June to 2 July 2012 at Publika Shopping Gallery to show case the best works of the graduating design students from Limkokwing University.

Besides sponsoring printed material, we did sponsor in other way such as food for Tree Planting activity of UCSI University. The Tree Planting activity was held on 14 July 2012 (Saturday) at Raja Musa Reserve Forest.
