Message from the Managing Director

This year we have introduced the Carbon Neutral Print Programme (CNPP), another addition to our eco printing services. It is a carbon offsetting programme, client is able to offset their carbon emission from the print process with tree planting activities organised by the programme partners i.e. Malaysia Nature Society (MNS) and Global Environment Centre (GEC). We hope this will encourage more green practices with our client.

For the first time, we organise the Eco Sense Talk that comprise of six speakers in a half day event. It is an event to showcase our services and products to our potential and existing clients. We would like to thank our speakers for their contributions and to our suppliers for their support to jointly organise the exhibition area.

Sustainability is a long term process, we need all the different parties to be involved in order to create benefits for the environment, social and economy. We would like to wish everyone another fruitful year ahead,
Happy New 2020 Year!

Green Supplier Circle

We organised Green Supplier Circle (GSC) for the 9th year at NetsEco Meeting Room on 29 November 2019 (Friday). The objectives of this meeting are:

- 1. To create awareness about Green Purchasing;*
- 2. To increase resource efficiency and reduce environmental impact; and*
- 3. To build a responsibly supply chain for the eco industry.*

We have a total 16 participants from 13 different companies, they are paper supplier, finishing supplier, and even potential supplier among them.

Eco Sense Talk

We have organised the Eco Sense talk themed "Value Co-creation through Green Communication – How Eco Packaging & Eco Printing Help" on 30 October 2019 (Wednesday) at Resource Centre, Technology Park Malaysia, Kuala Lumpur. This event was supported by Technology Park Malaysia (TPM) as the strategic partner.

The opening remark has been done by Chairman of Malaysia Productivity Corporation (MPC), YBrs. Chua Tian Chang. We have invited Ms. Wan Mazlina Binti Wan Hussein, Head of Environmental Management Section from SIRIM Berhad, Mr. Addi Razmal Abd Rahim as a representative of Malaysia Design Council (MRM), Mr. I.S. Shanmugaraj, Executive Director of Malaysian Nature Society (MNS) and Dr. Adrian Choo Cheng Yong, Chariman of FSC® Malaysia to present their experience and expertise in green communication.

We also introduced the Carbon Neutral Print Programme (CNPP) during the event together with Malaysian Nature Society (MNS) and Global Environmental Centre (GEC). CNPP is a voluntary carbon offsetting programme specially designed for the client who print with NetsEco (by Nets Printwork Sdn Bhd) and enable client to involve in tree planting project to balance the carbon footprint generated from the print process.

The aim of this enewsletter is to communicate the environmental friendly initiatives taking place at Nets Printwork to our stakeholders. We are committed to supporting and promoting sustainable products and services. At the same time, we would like to encourage all our stakeholders to become supporter or even advocates for sustainable development. This is only the first step in transforming our core business area, we are expecting more sustainable partners for future projects.
