Message from the Managing Director

Following our efforts in Total Eco Printing Solution, we can now move to the next level in eco packaging. We are honour to being selected as one of the six SMEs to be the pilot company for Green Blue Label Packaging project. We will be supporting the KeTTHA-SIRIM project in supplying the biodegradable food containers to local food courts. The food containers will later be thrown into the bio-digester to generate fertilizer and bioenergy. This is a good initiative and we are glad to be part of it.

Besides, for the fourth consecutive years we received the ACCA Malaysia Sustainability Reporting Award (MaSRA). This time we are using the organic paper such as paper made from durian waste, helicornia, banana, pineapple and sugarcane to present the hard copy of the report.

These events are a good beginning for new rooster year. We would like to take this opportunity to thanks all our stakeholders for their support towards Nets Group of Companies. I wish everyone good health and a fruitful year ahead.

We had our Chinese New Year (CNY) Celebration on 25 Jan 2017 (Wednesday). This rooster year we have one God of Fortune dressed up by one of our Eco Welfare team member Mr. Emlyn. The chairman of Eco Welfare has a new initiative that is 'Human Word Formation' by employees. We managed to form the Mandarin word "吉" which means Good Luck, and also sounds like the Mandarin word '鸡' (symbolize year of rooster). We only did one rehearsal session before the event. The outcome was shown in our whatapps group. The game sessions were well received by the employees however the employees love the lucky draw session the most!
