In His Own Words

Mr. Teh Leong Sim
Group Managing Director
Nets Group of Companies

With the arrival of the carbon neutral press machine in April, we are going to have a challenging year this year as we going for another milestone by creating our very first eco factory, and eco office. There will be a showroom to showcase our eco products as well. We work with one Sustainable Architect to look into every possible details to provide a better workplace for our employee. These workplaces are going to enhance our visitors' experience.

Since we first introduce ESH quiz in 2013, we found this is a good way to test the effectiveness of the training. This year, we will organize three Brand Awareness Trainings to the employees and have a quiz to test their understanding after the training.

Furthermore, we have again made it into stage 2 of Prime Minister's Hibiscus Award (PMHA) 2014/2015. We hope to achieve a better result this time.
