NetsEco, towards greener pastures!

Celebrate Earth Day

In His Own Words

**Our Corporate
Sustainability
Director Speaks**

Mr. Teh Leong Sim

What a year it's proving to be!

Days have been hectic since Chinese New Year. It's been one of the most challenging times of all time, especially considering that we will be moving to a new location while being audited by 1innocert simultaneously. To top it off, we actually managed to put in all our strength and efforts in participating in two exhibitions, i.e. the EMS Day of Yamaha Motor and Earth Day Carnival of Just Life – all these with only limited manpower!

With the setup of our new office, we have been blessed to be able to expand by adding the product development and information technology units. It all comes to support our core business more efficiently and to be better prepared in facing the competitive environment we're in.

We are sometimes out of breath, but each new day brings with it a brighter picture – so we look forward to welcoming more talents on board our vessel in enhancing the delivery of our products and services.

Here goes!

What in Store

- **Message from the Corporate Sustainability Director**
- **1Innocert Audit – Our New Working World**
- **Just Life Earth Day Carnival**
- **Visit to DRUPA, Germany**

Publication Committee: Advisor : Teh Leong Sim
Chairperson : Teh Soo Tyng
Editorial Member : Tashiky Lee, Eric Yeo & Joey Siew

events

Bringing
Eco
Printing to
new frontiers!

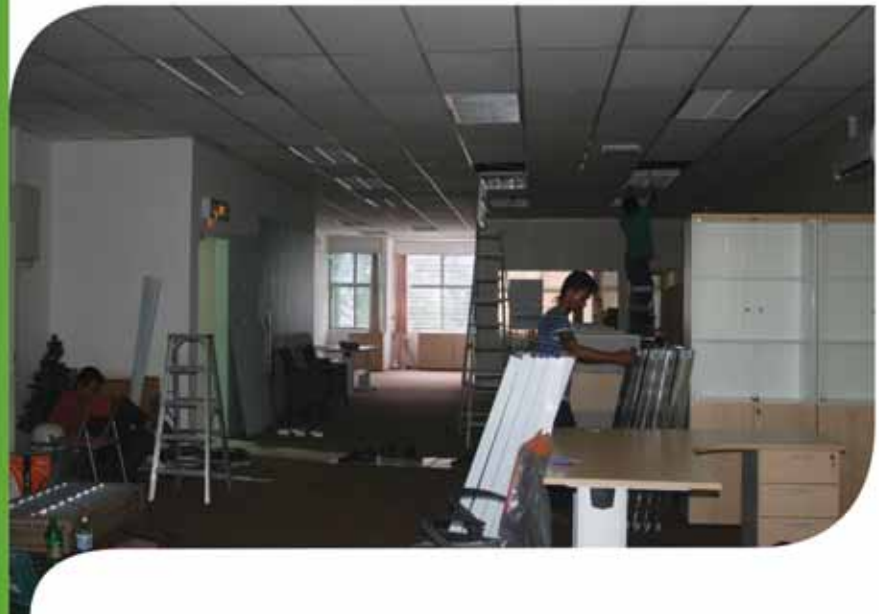

We were recently invited to participate in the EMS Day of Hong Leong Yamaha Motor on 6 – 8 March 2012. Our Sustainability Marketing staff made a presence as they shared the wonderful concept of eco printing with their employees. We're hoping to make them believers and converts for good!

1Innocert Audit

We can't help but be innovative – this year, we only went further to test our innovation capabilities by participating in the 1innocert competition. An audit was held on 30 March 2012 and we realized that it was yet another learning curve for us to fine tune and improve ourselves in the long-run of events.

Our New Working World

The Sustainability and Marketing departments of Nets Printwork Sdn Bhd has moved to its new office at : 52, Jalan PBS 14/4, Taman Perindustrian Bukit Serdang. Kindy take note of the new contact number: 03-8942 9858, and fax no: 03-8942 9353.

events & exhibitions

Just Life Earth Day Carnival

We participated in the Earth Day Carnival held on 19-22 April 2012 at the 1 Mont Kiara Mall, organized by Just Life. The theme for this year was "New Earth" which focuses on the next green generation. We were ever too happy to introduce the Meeco stationary "cradle to cradle" series during the 4-day event.

Visit to DRUPA, Germany

Visit to DRUPA, Germany

Mr. Teh Leong Sim and Ms. Teh Soo Tyng represented Nets Printwork Sdn Bhd at DRUPA 2012 held on 3-16 May 2012 at the Dusseldorf Trade Fair Center, Germany - under the theme "One world , one Drupa".

Drupa is the largest printing equipment exhibition in the world, held every four years at Messe Düsseldorf in Düsseldorf, North Rhine - Westphalia, Germany. The DRUPA has shaped the print media industry for over half a century. This year, there were a total of 17 halls featuring pre-press, press and post press latest machinery and innovation. The digital print by Benny Landa has captured much attention and was the hot topic of Drupa this year.

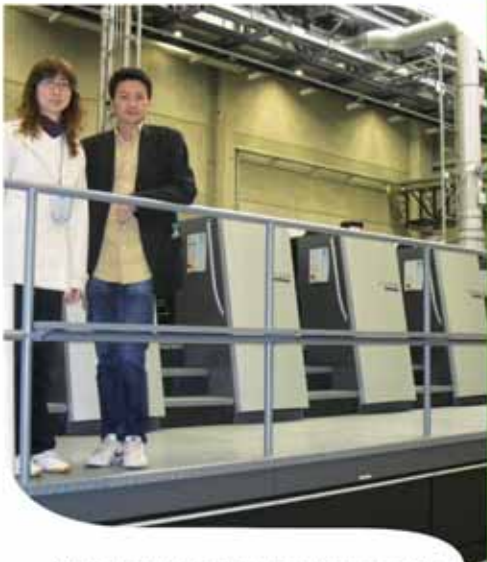

Heidelberg Malaysia also organized a trip for the Malaysian delegates to visit their plant at Wiesloch-Walldorf, Heidelberg. The delegates were given a guided tour around the world's largest press manufacturing plant for about 2 hours.
