# what's in store...

## In His Own Words

### Our Corporate Sustainability Director Speaks

We had our third tree planting activity with Global Environmental Centre, The Global Environment Centre (GEC) is a non-profit organisation, established in 1998 to address key environmental issues of global importance – such as climate change, biodiversity and water resources. GEC is based in Malaysia but supports activities worldwide. It is our first encounter with the Mangrove Forest. It was an interesting experience for all involved and we hope to work with GEC for other future project.

We also participated in the SIRIM-Industry Night. It was like the graduation ceremony as we line up to receive the certificate on SIRIM Eco Label scheme. We will promote the Eco Label to our potential client and encourage them to place the Eco Label on their printed material. This is a small part that we can play and contribute toward the Green Procurement movement.

Another good news is we are invited by SIRIM to participate in the research and development of Carbon Footprint (CFP) labeling for products and services for Greenhouse Gas Management in November 2012. This is a another milestone in our sustainability journey.

As we usher into the New Year, we would like to wish all a Happy and Prosperous New Year!

# events...

## Chinese New Year Celebration

After the Gotong-Royong on 24 January 2013, the Eco Welfare Committee has organized the 2013 Chinese New Year Celebration on 8 February 2013. Everyone went back with one or two lucky draw price(s). This year we had a nice surprise on our first working day i.e. 18 February 2013 after the CNY holidays -the lion dance.

# Training...

## Fire Drill and Fire Prevention Talk

The annual Fire Drill and Fire Prevention Talk was organized on 2 February 2013 (Saturday).

## Presentation at PMHA Briefing

Ms. Teh Soo Tyng was invited by Malaysian International Chamber of Commerce and Industry (MICCI) to share our award winning experience at the Briefing on Prime Minister's Hibiscus Award 2012/2013 held at FMM Hall on 22 January 2013 (Tuesday). The participants have an overview on how to response to the list of questions for Stage 1 assessment.

photo

We received souvenirs from Mr. Ryuichiro Yamazaki, the Secretary General of Asian Productivity Organisation.

# events & exhibitions

We were invited by SIRIM Berhad to present our case at the Forum on Study of Preparedness of Manufacturing and Service Sectors towards Green Market on 6 March 2013 (Wednesday).

Ms. Teh Soo Tyng presented the topic "Green Success: NetsEco - Total Eco Printing Solution" to the audience from various industry. This is the first session of the series. The other sessions will take place at SIRIM Penang Branch, SIRIM Johor Branch and SIRIM Pahang Branch.

## Presentation at SIRIM

## Eco Product International Fair 2013

We participated in the Eco Product International Fair 2013 held on 14-16 March 2013 at Marina Sands Expo Singapore. The Eco-products International Fair (EPIF) with the theme "One Environment, One Future: Towards a Sustainable & Greener Asia" showcases the most advanced environmentally friendly products, technologies and services that enhance sustainable development and competitiveness.

# events & updates

## Talento - Go Green Family Day

We participated in the Go Green Family Day held in conjunction with the Earth Day Celebration on 20-21 April 2013 at AEON Bukit Tinggi Shopping Centre Klang. The event was jointly organized by Talento Academy Sdn Bhd, AEON, Persatuan Rakan Alam Sekitar Hijau dan Biru.

The event aim to encourage parents and children to learn about environmental protection and apply the knowledge into their daily lives. Throughout the event, the children were asked to go through four booths to collect stamps in order to complete the station game and collect their gift. There was also stage activity with story telling session for the children. The children like it very much.

## New Publications

The Sustainability Department has published our first Sustainability Report 2011. Besides, we have revised the brochure named "Eco Printing, Green Communication" and publish a brochure on our meeco product in March 2013.
