ESG Manager Course

Siri 1 (ESG01): Sustainability and Environment

This course aims at professionals responsible for planning, strategising and managing sustainability for their organisation. This course will cover background of sustainable development goals (SDGs), climate change, developing sustainability indicators, and options for sustainability solutions. This training is designed to provide participants with essential understanding of sustainability approaches and methodologies.

This is also one of the essential course for Sustainability / ESG Manager. Upon completion of this course, one can also register for our other four courses to obtain the ESG Manager certificate.

Objective To equip participants with the fundamental understanding of the sustainability and its relation to environment.

Trainer Dr Chen Sau Soon

Dr Chen Sau Soon

Chen Sau Soon has been with SIRIM for 37 years working as a researcher attached to a number of technology areas covering metalworking, chemical technology and environment and energy.

In the field of environmental and energy technology, she has implemented and managed a number of industrial, government and collaborative international R&D projects using biotechnology and physicochemical technology for hazardous waste treatment, wastewater treatment and waste management technologies, environmental and health risk assessment, cleaner technology, and renewable energy generation.

Her latest approved project will look into developing ecodesign of products and processes to address concerns of climate change, resource scarcity and continual degradation of the environment.

Her skills related to Greenhouse gases (GHG) Management includes GHG accounting (Carbon footprint), climate change mitigation and adaptation, life cycle assessment (LCA), Clean Development Mechanism (CDM Technical Reviewer).

She holds a B. Sc. (Hon.), Chemistry, University Malaya (1980), a M.Sc. (Dist.), Chemical Research, Imperial College, U. of London (1991), Ph.D. (Physical Chemistry), Imperial College, U. of London (1994), ASEAN Senior Management Development Program, Harvard Business School, Alumni Club of Malaysia (2007).
